WORK EXPERIENCE

IT & Data Architecture Consultant

Wavestone | Jan 2019 - Feb 2021, Paris

1st Mission: Frontend Developer (CSS & React) - Wavestone
Developed new features and used Google Cloud to deploy an
internal staffing app used by 5,000 consultants

2nd Mission: Infrastructures IT Auditor - Crédit Agricole
Audited and helped define a performance and optimization
strategy for a critical website used by 50,000 bank advisors

3rd Mission: Cloud & Architecture Product Owner - ENGIE
Co-conducted the deployment and management of Azure and
AWS Cloud technologies, for a 20 million yearly consumption

CTO assistant

Livea | Sep 2018 - Jan 2019, Prague (internship)

Helped run IT optimizations: process automation, 3rd-party APIs

SIDE PROJECT

Fullstack Developer (Javascript, Node.js, MongoDB)

Melies.app | Oct 2020 - Today, Paris

Created Melies.app, an app that helps you discover new great
films and check their streaming/rental availability

EDUCATION

Fullstack Developer Training

OpenClassrooms | 2021, Paris (personal time)

Developing 7 fullstack projects with HTML5/CSS3/Sass, Javascript,
React, Vue.js, Node.js, MongoDB and MySQL to certify my IT skills

Master in Management (Programme Grande Ecole)
MSc in Entrepreneurship in the Creative Economy

Audencia Business | Sep 2015 - Aug 2019, Nantes

Attended management, design and web development courses
